Plastic and Cosmetic Surgeons

Consultants at DRK-Klinikum Berlin Westend

**Berlin is beautiful.  
You are beautiful.**

Wieners  
& Pantten

Praxis für  
Plastische und  
Ästhetische Chirurgie

## Our objectives

As specialists in plastic and cosmetic surgery, we wish to show you the way to achieve individual beauty. Our goal is that you perceive yourself in a more positive way.

## Our qualification

In addition to our highly specialized training in renowned hospitals in Münster, Lübeck, Erlangen and Berlin, we have gained extensive experience during numerous placements at centres for plastic surgery in Wales, Paris and Vienna. Moreover, we are members of the German society for plastic, cosmetic and reconstructive surgery (formerly VDCP), which continuously scrutinizes and develops surgery techniques and different methods of treatment. Thanks to connections with the traditional DRK Klinikum Westend we can offer state-of-the-art operating theatres, experienced anaesthetists and nursing personnel guaranteeing high quality and security standards.

## Our counselling

The aim of any surgery is a natural and individual overall appearance. In our opinion extensive counselling and preliminary examinations are indispensable in order to enable us to consider all the alternatives available, to answer your questions and to deal with any problems. This offer is free of charge and does not commit you to anything. We are obviously available to you for advice after the operation. Get to know us and our surgery by visiting us under [www.wieners-pantlen.de](http://www.wieners-pantlen.de)
